5:00 – 6:30 pm	<p><b>What does it mean to be a Cuber? Changing the World Through the Council of State Science Supervisors</b></p> <p><i><b>New members and ALL interested CSSS Members</b></i> An absolute must for newbies and veterans alike. This session is designed to bring together new CS3 members with those that have “been around the block” to talk about navigating the behemoth systems that are state departments of education. It will focus on strategies that CS3 veterans have used to move their systems forward when it seemed like the obstacles were overwhelming and how the organization has helped them in this endeavor. Small group conversations and Q&amp;A. Start your conference off right and make connections that will last beyond the conference.</p>	Flagship A
